

OKESANJO OLUWAFEMI GBENGA

Electrical Engineer & Full-Stack Web Developer

📍 20, Ayoola Olaniyi Drive, Abule-Oke, Sabo, Abeokuta, Ogun State
✉️ okesanjofemi@gmail.com | ☎️ 09066040055, 08152406508

Professional Summary

A highly disciplined, versatile, and tech-driven Electrical Engineer with extensive experience in electrical operations, industrial maintenance, and project supervision. Combines a solid technical foundation in electrical systems (ranging from inverter construction to large-scale gas generator plants) with a strong command of modern Information Technology, including basic C++ and Full-Stack Web Development. A proven leader and analytical problem-solver dedicated to operational excellence, system optimization, and driving efficiency in high-stakes engineering environments.

Core Competencies

Engineering & Operations

- **Power Systems:** Electrical installation, maintenance, and operations of power systems.
- **Technical Design:** Proficient in drawing and interpreting complex electrical and electronics diagrams.
- **Industrial Maintenance:** Hands-on experience with heavy machinery, gas generator plants, and industrial electrical infrastructure.
- **Electronics Engineering:** Circuit design, troubleshooting, and intermediate electronics repair.

Technology & Software

- **Web Development:** Full-Stack Web Development and programming fundamentals.
- **Software Tools:** Computer literacy including Microsoft Excel, PowerPoint, and graphics applications.
- **Programming Languages:** Basic C++ Programming.

Leadership & Supervision

- Team supervision, task delegation, and comprehensive job evaluation.
- Program organizing, event facilitation, and youth/choir coordination.
- Strong cross-functional communication and collaborative problem-solving.

Professional Experience

Electrical Operator

ESSENESS Energy Nigeria | November 2023 – Present

- Monitor, operate, and maintain electrical systems and equipment to ensure optimal power generation and distribution.
- Troubleshoot system anomalies rapidly to minimize downtime and maintain operational efficiency.

Assistant Technician

Dangote Fertilizer (DFL) – Lekki Free Zone | April 2023 – May 2023 (Contract)

- Assisted in the electrical maintenance and pre-commissioning activities of large-scale industrial plant infrastructure.
- Adhered to strict health, safety, and environmental (HSE) guidelines within a fast-paced construction zone.

Electrical Engineer

Riggs Ventures West Africa Plc. | 2023

- Managed electrical maintenance schedules and oversaw the continuous functionality of production facility machinery.
- Diagnosed faults and optimized electrical layouts to improve plant productivity.

Acting Editor-in-Chief

Press Club – CHS-Otamokun, Oyo State | 2022 – 2023

- Led the editorial team, supervised content creation, and coordinated the publication schedule.

Electrical Attendant (Supervisory/Maintenance Role)

Okiki-Oluwa Bakery | 2014 – 2018

- Managed the facility's electrical infrastructure and maintained backup power systems to ensure uninterrupted production.
- Provided supervisory oversight for facility operations and asset preservation.

Industrial Trainee (IT)

Tommy-TOAK Engineering, Abeokuta | 2016 – 2017

- Gained hands-on experience in commercial electrical installations and diagnostic procedures.

Kainji Hydroelectric Generating Station, Niger State | 2009

- Acquired foundational exposure to large-scale power generation, turbine operations, and grid maintenance controls.

Key Projects

- **Large-Scale Power Systems:** Actively participated in the installation and maintenance of 0.774MW to 3.2MW Gas Generator Plants.
- **Power Electronics:** Designed and constructed a fully functional 2.5KVA Inverter System.
- **Automation & Programming:** Designed and constructed a programmed prototype for a Closed-Loop Traffic Light Control System.

Education & Certifications

- **Introduction to Cyber Security – CISCO (2024)**
- **National Youth Service Corps (NYSC) Certificate (2022 – 2023)**
- **Higher National Diploma (HND) in Electrical Engineering – The Polytechnic, Ibadan (2020)**
- **Ordinary National Diploma (OND) in Electrical Engineering – Moshood Abiola Polytechnic, Ojere, Abeokuta (2016)**
- **Senior Secondary School Certificate – Community Comprehensive High School, Oke-Agbede, Ogun State (2011 – 2013)**
- **Technical Training Certificate – Government Technical School, New Bussa, Niger State (2009 – 2010)**

- **Primary School Leaving Certificate** – Methodist Primary School, Owo, Ondo State (2000 – 2005)

Personal Attributes & Background

- **Personal Traits:** Highly responsible, trustworthy, details-oriented, and an effective communicator.
- **Date of Birth:** 14th July, 1996
- **Nationality:** Nigerian (Ogun State / Yewa North)
- **Interests:** Business innovation, Tech development and music.
